What we do

**Catalyst
Housing**

Our sustainability strategy

Reducing our Carbon FP

- Reduced our CF and stabilised at around 180 tCO² - now working on Scope 3 emissions
- Office initiatives – travel, recycling, energy
- Working with our supply chains and contractors

Tackling Fuel Poverty

- Improving condition of our property (SAP)
- Working with tenants
- Cross referring with internal debt advice service (Do\$h)
- Working with local partners

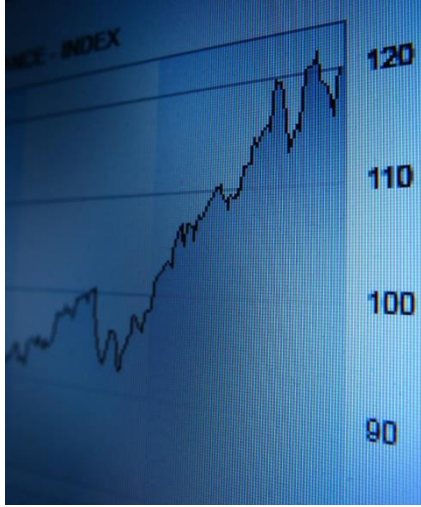

Success

- SHIFT 'Gold' rating
- Working with our debt management service
- Green Champions network
- Quality and Sustainability Panel
- 'Follow me' printing
- Recycling within offices
- Sustainability in the development process – getting the message across to colleagues
- Modal shift from private car use to City Car Club for business journeys

Challenges

Tips

- Build personal relationships
- Live in your colleagues' shoes
- Plan, deliver, recycle
- Be light on your feet
- Sustainability is not just about saving the planet, but making your business lean, efficient and effective

Better Homes. Better Service. Better Future.
